How to Enroll in ETHNO Courses

A Guide for Boise State students who are adding the Design Ethnography Certificate to their existing degree plan.
1. Go to https://my.boisestate.edu
2. Open this help web page: https://registrar.boisestate.edu/register-for-classes/
3. Follow the instructions on the help web page to select your classes.
   
   Note: when searching for classes, we recommend searching **Subject** Design Ethnography, and entering the **Course Number** (i.e., 460, 461, 462, 463 ...) to limit results (we do not recommend entering additional criteria).

4. Select either **Section 4101** (1st 7 week session) or **Section 4102** (2nd 7 week session).*
   
   (Do **NOT** select either 4201 or 4202) **

5. Follow the help web page instructions to finish enrolling.

* IMPORTANT! **Sections 4101 and 4102** are strictly for degree seeking students who are **adding** the Design Ethnography Certificate to their existing undergraduate or graduate degree at Boise State.

** IMPORTANT: **Sections 4201 and 4202** are strictly for “Certificate-Seeking Only” students who are **not** seeking another undergraduate or graduate degree at Boise State.
